

Platinum Painting Checklist

Thank you for the privilege of painting your home. The items listed below will help ensure a successful painting experience. We will try to answer any questions you may have. We look forward to providing you with a great painting experience.

Color Choices

First, exploring and picking colors is a key ingredient in our recipe of a successful paint process. We encourage you to start today so that you will not feel rushed at the last moment.

PLEASE HAVE ALL COLOR SELECTIONS CHOSEN THE THURSDAY PRIOR TO YOUR SCHEDULED PAINT DATE.

Platinum Painting cannot guarantee one-coat coverage. Industry standards say that the further you get away from your existing color, the greater the chance it will take two (2) coats (even if your walls are white).

Colors may appear different on your wall than they do on the computer or fan deck. We suggest you go to your local Sherwin-Williams or Home Depot and get sample quarts to try in your home. Look at these samples during different times of the day and night to get a true idea of the color.

Painting Your Home

Inside your home will be a mini construction zone with ladders, equipment, paint and painters. It is critical that all items (including small and/or personal items) in areas where we will be painting be put away.

- Pictures or items on walls. (If you want to put any pictures back, please leave the nails in the wall.)
- Items on shelves and in bookcases, hutches, china cabinets, etc.
- If we are painting inside closets, please have all items removed from them.
- Please have all pets secured or boarded during the painting.

Please note: If you have a child or pet gate, we ask that you have it removed prior to our arrival, otherwise we will happy to mask around them and paint with them in place.

The Day of Painting

The morning we start, please allow up to an hour for a thorough walk thru to go over any details. Once we walk your home and go over all systems (including start/finish times, any essential arrangements to be made, etc.), please feel free to go about your day.

The Week After Painting

We will pick up the sign the second week after your painting has been completed.

We want your experience with Platinum Painting to be smooth. We work hard to earn your trust and confidence. If you ever have a need or want to call us at anytime, please feel free to do so. We are available to you and committed to your 100% satisfaction.

Please write a letter of recommendation or referral of how the job went and your overall experience. You can fax, mail or email it – whichever is convenient. Also, if you are a member of Angie's List or Service Master please submit a review.
